INSIDE THE HEALTH CARE M&A MARKET

The July-December 2009 Half-Year Index

The Index to The Health Care M&A Monthly

Each company and organization discussed in *The Health Care M&A Monthly* during the second six months of 2009, running from July through August, is listed alphabetically herein. References are generally to the first occurrence of the company's or organization's name in the pertinent issue; further discussion may follow later in the text.

References are sorted by the month and page number of the issue in which the company appears, e.g., *Jul p. 9* stands for page 9 in the July 2009 issue.

Please Note

The various companies and organizations that are cited in the "Deal Summaries" of each monthly issue are not included here. Instead, reference should be made to the four quarterly supplements, *The Health Care M&A Report*, which discuss the individual deals in greater depth. Each quarterly report comes with its own company index.
